

**ACRP 11. Ausschreibung - Förderentscheidung 2018**

lfd. Nr.	Projekttitlel	Kurztitel	Zuerkanntes Themenfeld	max. Förderung in €
1	APCC Special Report on land use, land management and climate change	SR-LU	APCC Special Report	299 975,00
2	Transition of the procurement process towards Paris compatible public buildings	ParisBuildings	Governance and institutions – towards systemic transformation	249 606,00
3	Strategic decision-making in climate risk management: designing local adaptation pathways	pathways	Governance and institutions – towards systemic transformation	249 773,00
4	Participatory Value Evaluation: a novel assessment process for transport policies aiming at climate change mitigation	aPPRAISE	Specific support for Austria's policymakers	249 901,00
5	managing Climate cHange impacts on land use and EcoSystem Services	CHESS	Specific support for Austria's policymakers	249 999,00
6	Macroeconomic Modelling of Indirect Risks for Climate Risk Management	MacroMode	Specific support for Austria's policymakers	249 900,00
7	Evaluating the effects of climate warming and precursor emission changes on the attainment of the Austrian ozone standard	ATtain-O3	Specific support for Austria's policymakers	249 876,00
8	Judicial and policy responses to climate change-related mobility in the European Union with a focus on Austria and Sweden	ClimMobil	Specific support for Austria's policymakers	249 927,00
9	Transformational risk management to tackle Climate Loss and Damage in Austria and beyond	TransLoss	Systemic transformation – the human dimension	249 991,00
10	Scaling up green finance to achieve the climate and energy targets: an assessment of macro-financial opportunities and challenges for Austria	GreenFin	Systemic transformation – the human dimension	249 939,00
11	Qualitative change to close Austria´s Paris gap: Shaping the pathway	QUALITY	Systemic transformation – the human dimension	249 992,00
12	Towards farmer types to inform adaptation engagement strategies in Austria	FARMERengage	Systemic transformation – the human dimension	147 207,00
13	Supporting climate service Providers by dIstilling infoRmation about future precIpitation exTremes	SPIRIT	Understanding the climate system and consequences of climate change	249 971,00
14	The role of Land Use Changes on the development of intra-urban heat islands	LUCRETIA	Understanding the climate system and consequences of climate change	164 288,00
15	Tailored AGROmeteorological FORECAST for improving resilience and sustainability of Austrian farming systems under changing climate	AGROFORECAST	Understanding the climate system and consequences of climate change	249 865,00
16	Determination of sediment dynamics in torrential watersheds at different spatial and temporal scales under changing climatic conditions	Deucalion III	Understanding the climate system and consequences of climate change	249 902,00
17	Understanding and empowering spillover behaviour for low carbon consumption among young Austrians	SPIILLOVER	Specific support for Austria's policymakers	249 598,00
18	The role of persistence in tackling Austria´s climate target: Policies for the transport sector	PETRA	Specific support for Austria's policymakers	249 988,00
19	Carbon sequestration in Austrian soils	CASAS	Understanding the climate system and consequences of climate change	249 996,00
20	Wind erosion in the Pannonian region: A major threat to arable soils under current and future climate conditions?	EROWIN	Specific support for Austria's policymakers	249 998,00
			<b>Summe Förderentscheidung</b>	<b>4 859 692,00</b>
